The Power Strikes of the
McSweeney Lineage Kenpo

Power Strikes

Learn about the power strike that took down 6'8" 600+ lbs Sumo fighter in UFC 3.

John McSweeney created a unique method of striking that combined his knowledge from old Parker Kenpo and Crane style Kung Fu. It was further refined by his student, Tom Saviano, founder of the White Tiger Kenpo System.

Zoran Sevic will not only teach the strikes of both, but will hand you the concepts and principles that can be used to improve the power of all your striking. Regardless of your style or system.

Don't miss the fun.
